Mr. LODGE presented resolutions of the Legislature of Massachusetts, which were referred to the Committee on Commerce, as follows:

Resolutions relative to the preservation of the national parks and reservations.

## THE COMMONWEALTH OF MASSACHUSETTS, 1921.

Whereas measures are likely to be presented to the Federal Congress involving concessions in our national parks, forests, and reservations to private, corporate, or municipal interests seeking water supply or irrigation privileges; and

Whereas to grant such concessions would be contrary to the enlightened public policy which has set apart and dedicated said parks, forests, and reservations to nobler than commercial purposes, and which has sought to preserve them inviolate as a means of recreation and uplift to all the people of the Nation: Therefore be it

*Resolved*, That the House of Representatives of Massachusetts respectfully urges upon Congress to reject all measures in any manner departing from or infringing upon said enlightened policy; and be it further

*Resolved*, That copies of these resolutions be sent by the secretary of the Commonwealth to the incoming President of the United States, to the presiding officers of the Federal Senate and House of Representatives, and to the Senators and Representatives in Congress from Massachusetts.

In the house of representatives, adopted February 23, 1921.

A true copy.
